

FRUITS SUPPORTING CANSA

Fruits supported the CANSA Shavathon fundraising event on Friday, 5th of March 2010. Workplace staff, clients and friends at Fruits offices sprayed their hair in a rainbow of colours to show support and celebrate life with cancer survivors.

Funds raised by the CANSA (Cancer Association of South Africa) event are used for prevention and educational programs, patient support in the form of Interim Homes, stoma and lymphoedema clinics, medical equipment hire, a toll free information line and support for children and their families effected by cancer. You can read more by going to www.Shavathon.org.za.
